Savitribai Phule Pune University

## Projects

### Portfolio

Designed and implemented a dynamic project portfolio showcasing my diverse skill set using HTML, CSS and JavaScript. incorporated interactive features to enhance user engagement and create a visually appealing representation of my work.

### Mobile Store Management System

With the project we solved the problem of billing and stock management which was handled manually before. This project cleared the concepts of SQL, HTML, CSS and JavaScript. We used bootstrap framework to design the web application.

### Grocery Store Management System

Using java, JavaScript, HTML, CSS we created a design for a grocery store. Using this UI users were able to see and buy features and products of the store. Using MySQL, we stored the record of customers.

## Certification

### Full Stack Java Development

Seven Mentor Institute
